

Listing of input on Big Projects .. KED, Junctions etc. compiled by Art Peach .. July 2012

Letter to the editor Sudbury Star 24 July, 2021 "KED would be bad for city's traffic and environment" - John Lindsay, chair Friendly to Seniors - Sudbury...(Personal note: this very recent Letter addresses perhaps the most important argument for the arena/event centre to remain in the heart of the city. As a so-called senior person, the KED would affect my health personally, although I probably won't be around long enough to see even my vision of a better designed city; I can still fight for my children and my Grand-children)

Letter to the editor Sudbury Star 20 July, 2021 "Council fails to see the KED a bad investment" - John Closs, Sudbury

Letter to the editor Sudbury Star 20 July, 2021 "The KED an irrational obsession" - Evan Roberts, Sudbury

News column Sudbury Star 17 July 2021 "Excitement for Junction East growing city says"...(insert a personal note here about that "excitement". The mayor recently came out in a video update with obsequious praise of the PROGRESSIVE design of Junction East and the designers WZMH. Citizens promptly posted **5 (five)** lambasting comments. I was preparing an appropriate comment myself but a day or so later the site stopped any further comments. The next day the **five (5)** original negative comments disappeared from the site. NOW, I can't even find the mayor's video; was it too taken down because it was too embarrassing for His Worship? THAT'S "EXCITEMENT"!! Only "**FIVE**"? Does sounds like a good name for a basketball team)

Local Journalism Initiative Sudbury Star 17 July 2021 "Provincial government spends \$7.3M-plus on Northern Ontario film industry" Colleen Romaniuk, Sudbury Star...(this is the sort of "investment" that the city should support; proven successes and smaller scale things that we can realistically budget for)

News column Sudbury Star 15 July 2021 "Council votes to move ahead with the KED" - Mary Katherine Keown, Sudbury Star...(lot of negative comments attached to this one, albeit along with a couple of the stupids)

Opinion column The New York Times International Weekly July 10-11 "This Is How Truth Dies" - David Brooks...(applies to everywhere; Sudbury too)

Opinion column The New York Times International Weekly July 10-11 "The Rest of the World Is Worried About America"...(is this the way Sudbury is going also? Just substitute the word "Sudbury" every time you see the word(s) "America" or "US"; goes just as well)

Letter to the editor Sudbury Star 10 July, 2021 "Time to move ahead with the KED" - Tony Sottile, Sudbury...(too stupid to rate a response; lies and ignorant arguments)

Letter to the editor Sudbury Star 10 July, 2021 "KED would be bad for the environment" - Hazel Ecclestone, Sudbury...(right on; negative effect on our **drinking water alone** is enough to shoot down the KED)

News column Sudbury Star 17 Dec 2020 "Proposal to study arena renovation fails get enough support" - Mary Katherine Keown, Sudbury Star...(this vote was an even split; does that not suggest that more serious discussion is needed to at least try for a consensus; that's what usually happens in a democratic forum, Biden is giving it a try even though he already has the tipping vote)

News column Sudbury Star 03 Nov 2020 "It's all up to the tribunal" - Mary Katherine Keown and Jim Moodie, Sudbury Star...(closing comment by Fortin "...there is still a whole list of issues that need to be resolved. So this is far from over")
